

November 19, 2015

Dear Friend of Creative Arts Charter School,

Creative Arts Charter School is proudly celebrating its 21st year of offering families our unique program, thanks in part to donations from businesses like yours to our Annual Spring Auction.

Please consider helping CACS to keep every student engaged, learning, and thriving by providing your support today.

We strive to deliver the most progressive and enriching learning environment for children of San Francisco from all backgrounds, in a public school setting. Creative Arts students work collaboratively on dynamic, real-world projects using critical thinking, arts integration, and social justice tools. Our program cultivates social, analytical, and academic habits students need to be passionate life-long learners, collaborators, innovators, friends, and citizens.

Being a charter enables us to develop this high quality education and also means we rely heavily on our annual fundraising to meet the needs of our program. As a neighbor and friend, we are asking you to make a meaningful donation today.

We hope we can include your generous donation in our auction catalog this year. In past years, such donations have been the backbone of support for our unique program.

Attached is the donation form with complete information about the event. Your donation will be recognized on our website, in our auction catalog, and in promotional materials appearing at the event.

Thank you for your support of Creative Arts. Please contact us if you have any further questions at auction@creativeartscharter.org.
