2023-2024 ANNUAL FUND

The Annual Fund is Creative Arts' largest fundraising initiative of the year. We rely on strong community support to make many of our programs possible. Our unique programming costs over \$380,000 more than what we receive from city and state funding, and a lot of it is made possible through our parent-led fund-raising. Please contribute if you can, what you are able. We are thankful for the support of our community at every level.
